The Company policy is to have no child labour associated with the business. Carwood Motor Units Ltd does not normally employ any person under the age of 17. If there arises by exception a situation where there is a benefit to the company and to the young worker to do so, we ensure that we uphold relevant statutory requirements, that they continue to have access to further education (apprenticeships) to improve their qualification and skills and that they will not work in any hazardous environment, above the legally acceptable weekly hours and not at weekends or at night.

DUE DILIGENCE

We undertake a formal supplier approval process when taking on new suppliers, as part of this process we ask new suppliers to declare adherence to the human slavery and trafficking Act. At present, we procure the majority of our directly sourced products from UK based organisations that are required to comply with UK laws on forced labour.

TRAINING

To ensure a high level of understanding of the risks of modern slavery and human trafficking in our company and our supply chains, we intend to roll out a training programme to our employees.

This statement, which is made for the financial year ending 31st August 2018, pursuant to section 54(1) of the Modern Slavery Act 2015, has been approved by the Board of Directors of Carwood Motor Units Limited on 05th November 2018.
